MARICRUZ AMURRIO

Full-Stack Web Developer

Committed full stack developer with hands-on experience helping organization craft complete web- presence. Ambitiously aided other developers by handling pivotal design support and administrative collaborating on critical projects and document drafts. Seeking new opportunities and challenges that will expand my skill set. Enjoys working in a productive environment while solving real-world problems.

Experience

● **Front End Web Developer**

Rick and Morty App   May 2023-June 2023

Personal project that shows the Rick and Morty characters, gets them from an API and classifies them by dimension, implements pagination and an ID search system.

● **Front End Web Developer**

Pokedex App   April 2023-May 2023

Development of a website that simulates the operation of a Pokedex, it obtains all the pokemons from the PokeAPI to finally render the information for our users. The project was carried out in React with Vite, hooks, Axios and React Router were used for the route management and protected routes.

● **Human Resources Intern**

IBTCI   June 2023- Present

- Demonstrated strong organizational skills, attention to detail, and the ability to handle sensitive information with discretion.
- Utilized Microsoft Office Suite to prepare documents, presentations, and reports.

Language

- English- Native/bilingual proficiency
- Spanish- Native or bilingual proficiency
